With 3+ years of experience in data analytics, data modeling, BI reporting, and ETL development, I specialize in turning complex datasets into scalable, insightful dashboards and reports that empower business leaders to make data-driven decisions.

- ✓ Proficient in Power BI, SQL, Erwin Datamodel, Azure Fundamentals
- ✓ Skilled in data modeling, ETL pipelines, and interactive dashboard development
- ✓ Experienced in root cause analysis, SIT and UAT fixes, and automation of repetitive reporting
- ✓ Microsoft Certified in Power BI (PL-300), Fabric (DP-600), Azure (AZ-900)

Beyond technical expertise, I thrive in collaborating with business stakeholders to identify pain points, design BI solutions, and drive operational efficiency.

Currently open to new opportunities in Data Analytics, BI, and Reporting roles where I can apply my expertise in Power BI, SQL, and Azure to create measurable business impact.

Let's connect if you're hiring or working in the data space — always eager to exchange insights with fellow data professionals!
